BLACK IN ANATOMY

NEWSLETTER

UPDATES

We are so excited to share the first Black in Anatomy newsletter of 2022!! Stay tuned for the new features, community updates and events we have planned for the upcoming year!

WANT TO BE FEATURED?

Please submit your nominations for our next newsletter by February 20th via our website or using the QR code below!

BLACK HISTORY MONTH

February is Black History Month in the United States and Canada. We would like to take this time to celebrate and honor the extensive contributions that Black people have made throughout history and continue to make in all areas of our society today.

COMMUNITY UPDATES

MELISSA CARROLL, PHD

Dr. Carroll is a recipient and co-principal investigator of two collaborative AAA Anatomy Innovations Program grants to increase diverse representation in anatomy images (POP ARRT) and create an online network of neuroanatomy teaching resources (GNN).

Learn more about POP ARRT >

JOURNAL FEATURE

ADEJOKE MEMUDU, PHD

Dr. Memudu authored a paper in the *Metabolic Brain Disease* journal titled, "Alpha lipoic acid ameliorates scopolamine induced memory deficit and neurodegeneration in the cerebello-hippocampal cortex". The findings of this study have important implications in the development of novel treatments for neurodegeneration and memory deficits in the context of Alzheimer's Disease.
